WORK EXPERIENCE

Content Creation Team Lead

Софтуни ЦПО [20/10/2020 – Current]

City: Sofia

Country: Bulgaria

I am responsible for the creation of courses and curriculums for Softuni's international project, and I manage a small team of lecturers. My daily work consists of creating scripts, videos, demos and workshops for our JavaScript and Java tracks. I'm mainly involved in the JavaScript track where alongside my colleagues, we implement the proven methods of SoftUni locally in the international project.

Customer Care Representative

Sitel Bulgaria [27/05/2020 – 21/09/2020]

City: Varna

Country: Bulgaria

My work consisted of communicating with customers via phone calls and chat. The account i worked for was for an UK food takeaway. My work primarily consisted of resolving customer and restaurant queries. Also i had to fill up specific documentation for every single query i had handled and strive to achieve maximum customer satisfaction.

Logistics manager

MED Corporation [10/07/2016 – 11/03/2020]

Address: San Francisco (United States)

I worked in a small freight brokerage company and my work consisted of finding and offering ground shipments from the US and Canada to our independent contractors. My work also included negotiating on rates, pick up and delivery times and etc. with our US-based clients via e-mail or on the phone. Our company worked as a freight broker with one of the worlds biggest freight forwarding companies - FedEx, XPO Logistics and others. The company i worked with employed around 30 contractors and it was my responsibility to know where each one of them was located every single day thus making our job of finding suitable shipments for them, easier.

Bellboy

Hotel Marinela - VG AD. [11/11/2015 – 09/07/2016]

Address: Sofia (Bulgaria)

My work as a bellboy consisted of welcoming guests who are checking in the hotel and helping with the luggage if they desire. Also, i helped guests with making reservations in local restaurants and other points of interest.

EDUCATION AND TRAINING

Software engineering with JavaScript.

Software University [01/11/2019 – 17/04/2021]
